

FY3402 (previously TFY4285) “Subatomær fysikk” SubAtomic Physics 2010

Pensum: Selected parts from B. Povh, K. Rith, C. Scholz and F. Zetsche, *“Particles and Nuclei”* (6:th Edition, Springer Verlag). Students can, however, do without the book since complementary notes will be available: *“Notes on Subatomic Physics”* and obligatory *“Selected Exercises on Subatomic Physics”*.

**The course starts with an introductory meeting
 Tuesday 12 January 2010, 10.15-12.00, R21 – see you there!**

Interested participants can contact the lecturer, Professor **Bo-Sture Skagerstam**, for more information (email: Bo-Sture.Skagerstam@phys.ntnu.no).
